Sensory Integration Processing & Strategies

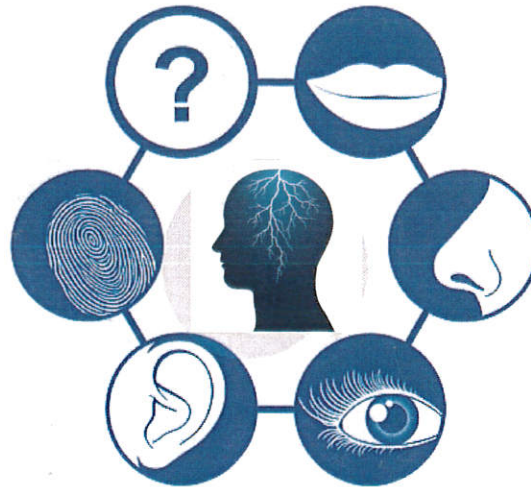

*A workshop for parents,
professionals, caregivers, and
others involved with children with
disabilities*

*Presenter
Dr. Susan Larson Kidd
Educational/Behavioral Consultant*

*Friday, October 27th, 2017
9:00a-3:00p*

**Scottish Rite Clinic
24 W. 2nd St.
Duluth, MN 55802**

Join us for a fun, engaging, and informative day to learn about the sensory integration process. Benefit from discussion about how the sensory process works in our brains, how it can go awry in varying disabilities, and how we can manage and change the impact of sensory processing dysfunction. Not only will you learn from recent neuroscience and the impact of sensory processing on behavior and learning, you will gain new insights, replacement strategies, and no-fail interventions to apply to children of any age in any setting. Dr. Larson Kidd will share her tested and useful *Sensory Accommodations Model* with you, along with multiple resources and references.

Date: Friday, October 27th, 2017
